Key:
- Fire Lanes
- Walk ways
- Handicap Parking
- Student Parking
- Faculty/Staff Parking
- Visitor Parking
- Loading Zones

Parking for visitors to the Admissions Office is available in the Alumni Hall lot (34). Parking is available to other visitors for short periods in the remaining lots or at parking meters on village streets. Persons remaining more than three days should obtain a temporary permit from the Safety Office in Physical Plant (23).

Note: To simplify identification of Alfred University buildings, certain Alfred Village structures have been omitted from this map.

NOTE: THIS MAP IS A STYLIZED REPRESENTATION AND IS NOT TO SCALE. PLEASE REFER TO PARKING SIGNS AT ACTUAL Locations.

Alfred University – Terms and Conditions

Purpose

The vehicle regulations set forth have been established for the orderly control of vehicles on the Alfred University campus. Vehicle regulations apply throughout the calendar year.

General Rules and Regulations

For the purpose of these regulations, campus boundaries consist of all properties owned or controlled by Alfred University. These regulations apply to all operators of motor vehicles on the University campus.

Operating a motor vehicle on University property is a privilege and constitutes acceptance by the owner and/or operator of the responsibility to assure that his/her vehicle is neither parked nor operated in violation of University regulations.

All employees, students, and visitors are required to obtain, learn and follow the campus parking rules and regulations.

There is no parking or standing (even with flashers) on any campus roadways. All vehicles must be parked between designated parking lines. Areas not specifically designated for parking shall be considered “No Parking/Restricted” areas. The University, having marked approved spaces, is under no obligation to mark all areas where parking is prohibited.

The responsibility for finding a legal space rests with the motor vehicle operator. Inability to locate a space or a convenient space is not an excuse for violating University parking regulations.

Alfred University assumes no responsibility for a vehicle or its contents. This is not an excuse for violating University parking regulations.

Parking Permits

All vehicles, including automobiles, trucks, motorcycles, and other licensed vehicles to be operated or parked on University property must be registered immediately upon bringing the vehicle to campus with the Office of Public Safety, located in the Physical Plant Building.

Facility/staff parking as well as student and visitor parking are considered public parking spaces from 5 p.m. until 7 a.m., unless signs identify specific parking areas as restricted at all times.

Vehicles with student stickers may park in any student area at any time and may not park in facility/staff parking until public parking takes effect.

Employees may park in any facility/staff area at any time and may not park in student parking until public parking takes effect.

No one is permitted to park at any time in any pedestrian area, fire lane, or otherwise restricted parking space.

Parked vehicle permits must be displayed on the inside of the driver’s side front windshield.

Penalties/Fines

Following are the various fines involved by the University, for violation of vehicle regulations, and applies equally to faculty/staff and students.

- No Permit $30
- Parked in Handicap Area without proper permit $45
- Restricted/Improper Parking $30
- Fire Lane/Roadway $50
- Damage: Destruction to or Illegally Activating Parking Gates $50

Please note that a vehicle may be booted for repeated tickets.

There is no parking, standing with flashers on, or driving on Academic Alley in front of or around Powell Campus Center except for delivery trucks and those with a valid University handicap permit.

Other fines will be ticketed.

Fines may be paid at Student Services in Sellheim Hall, between the hours of 9am to 4pm or by going to www.scapay.com.

Appeals

Violations may be appealed within five days from the date of issuance. After this time no appeals will be accepted.

Appeals may be filed using the appeals form supplied on www.scapay.com. An autonomous board consisting of students, faculty, and staff members, processes, and makes decisions on all appeals.

Booting

Booting is the disabling of a vehicle by applying a clamp to a wheel that can only be removed by the Office of Public Safety. If the boot is removed by a person or persons other than Public Safety Personnel, restitution for the missing boot and possible arrest may occur. Unregistered vehicles, vehicles parked in violation of regulations where signs and lot marking prohibit parking, or repeated tickets, will be booted. Vehicles may be booted even if presently located in a legal parking spot. When a vehicle is booted, all fines must be paid before the boot is removed, including a $25.00 removal fee.

Revocation

Parked permits may be revoked at any time for repeated violation of these regulations or for the reckless operation of a motor vehicle which endangers life or property. The registration fee will not be refunded. Ten or more tickets will result in the loss of parking privileges for the remainder of the academic year. The vehicle will need to be registered the following semester.

Disciplinary Action

Repeated failure to abide by traffic regulations is reflective of a behavioral pattern inconsistent with acceptable citizenship standards at Alfred University. In extreme cases, the Student Affairs staff can initiate disciplinary action against the chronic offender through normal disciplinary channels.
