

Advances & Refunds Received reflect any refunds you have already received as a result of an overpayment on your account or any book advances you have received as a result of an expected overpayment on your account from items in your “Incoming Financial Aid” section

Current Payments reflect any payments that have already been made to your account—these can include cash, check, payment plans, financial aid, outside scholarships, etc.

Current Charges reflect tuition, student service fees, housing, meal plans, and other ancillary charges due to the University.

Current Account Balance is the balance due on your account as of the date of this bill

Incoming Financial Aid are awards that have been completed and authorized for disbursement to the student’s account. These are paid to the account and will show up in the “Current Payments” portion of your statement after the drop/add period

Estimated Financial Aid are awards the student is expected to receive but are not yet ready for disbursement. These awards become authorized as students and families complete all necessary documentation and when outside payers finalize the amount. Students can check the status of these awards on their Self-Service Portal through BannerWeb.

Payment Plan is the remaining amount of the payments due from the payment plan that the student or their authorized set up using CashNet

Amount Due is the total balance due after all charges, payments, advances, refunds, incoming aid, estimated aid, and payment plan payments have been taken into account.
