

Curriculum Change Form

Changes to your curriculum can impact your anticipated graduation date and/or financial aid, so be sure to consult with your Advisor and Financial Aid counselor before completing this form. All curricular changes are done in the current term until the last day to drop. Any changes requested after the drop date will be applied to the next term. Dean approval only for majors.

Please indicate below what changes you would like to make to your degree, major, minor, concentration, or advisor.

Current Primary Curriculum

Your primary degree/major is the curriculum you first declared. All students must have one primary degree/major that determines degree earned.

College/School options: College of Business (COB), College of Liberal Arts and Sciences (CLAS), School of Engineering (SOE), School of Art & Design (SOAD), or Performing Arts Division (PAD).

	Degree (BS, BA, or BFA)	Major	College/School (COB, CLAS, SOE, SOAD, PAD)	Advisor

Double major: you can choose any allowable second major, either within your college/school or in a different college/school, for your double major. You will earn one degree, your primary degree, with two majors. If you choose a double major in a second college or school, you will need approval from both Dean's Offices. See below for list of approved double majors.

Dual degree: If your additional major is in a different college/school from your primary major, you may choose any allowable second major or opt to complete a dual degree. Dual degrees require you to complete the general education requirements of the second college/school, thus, requiring more credits. You will earn two degrees.

Majors and minors: you cannot minor in the same field as your major. If you choose a similar minor or second major, speak with your advisor about whether courses can share between your primary major and your new minor/major.

Required Signatures

Primary Advisor:	Print Advisor Name:	Date:
Student:		Date:
Dean's Office Review: (Major only)		Date:
Second Dean's Office Review (for college/school changes and double majors):		Date:

All completed forms must be sent to the Registrar's Office.

NOTE:

Your primary major determines what degree you wish to earn. If you want a different degree, you will need to change your primary. For example: Primary is Sociology, and you decide you want to also major in Biology but pursue the BS requirements. You will complete the form requesting to change your primary to a BS in Biology and adding a second major in Sociology.
